State, Local, and District Sales and Use Tax Return

Return Instructions 06-1

General Information

These instructions are provided to help you complete your California sales and use tax return. If you need help, please call the toll-free Information Center at 800-400-7115. Our customer service representatives can help you with general tax questions. They are available from 8:00 a.m. to 5:00 p.m., Pacific time, Monday-Friday, excluding holidays. For TDD (telephone device for the deaf) assistance, please call 800-735-2929 (TDD phone).

Due to changes that have occurred in the state portion of the sales and use tax rate (for example, the one-quarter percent decrease that was in effect from January 1, 2001 through December 31, 2001), you may be required to complete a *Tax Adjustment and Partial Exemption Worksheet* (form BOE-531-T). You must use this worksheet to correctly calculate your tax liability if you had transactions or tax recovery deductions on lines 10(a) through 10(e) that occurred before or after changes in the state tax rate.

E-Filing Option

If you are a single-outlet retailer and file a BOE-401-A return, you may be eligible to make your payments and file your returns online. For more information, go to www.boe.ca.gov and click on "E-Services."

Filing Your Return

The BOE-401-A and BOE-401-GS returns are used to report taxes due under the California Sales and Use Tax Law, the Uniform Local Sales and Use Tax Law, and the Transactions (Sales) and Use Tax Law, which are administered by the State Board of Equalization.

You must file a return even if you do not owe taxes for the reporting period. If you are unable to file your return on time, you may qualify for an extension. To request an extension, you will need to complete form BOE-468, *Request for Extension of Time to File*. You may call 800-400-7115 to request a copy of the form. You can also download a copy from our website at www.boe.ca.gov, under "Forms & Publications". If you do not file a return, we may bill you for an estimated tax amount.

When completing your return, please remember . . .

- You should round off to the nearest whole dollar.
- You may be required to complete and return Schedule T (see instructions for form BOE-531-T).
- You must complete Schedule A, *Computation Schedule for District Tax*.
- You must sign, date, and mail your return to the address shown on page 1 of your return, with full payment by the due date. (If you are e-filing, you do not file a paper return. See above.)
- Be sure to make a copy for your records.
- If a paid preparer completed your return, enter the preparer's name and telephone number in the space provided on the return.

Payment Methods

If you are registered with the Board to pay taxes by Electronic Funds Transfer (EFT), you must continue to use that method. Otherwise, you may pay as follows:

- **Check or money order.** Make your check payable to the Board of Equalization and write your account number on the check or money order. Be sure to enclose your payment with the return.
- **Credit card.** You must file your return by the due date when making a credit card payment to avoid a 10 percent penalty. You can charge your tax return payment if you have an American Express, Discover Network, MasterCard, or Visa credit card. Other cards cannot be accepted.

To make a credit card payment, call 800-2PAY-TAX (800-272-9829) or visit our website at www.boe.ca.gov (click on "E-Services"). The credit card processing vendor will charge a convenience fee of 2.5 percent of the amount charged. This convenience fee is not paid to or retained by the Board. Be sure to check the box on your return indicating you have paid by credit card. This will ensure that your return is matched up to your credit card payment.

Note: You cannot use a credit card to pay a tax liability that was billed by the Board.

Lines 1 thru 3**Sales • Purchases Subject to Use Tax****Line 1. Total Sales
(gross receipts)**

Enter your total taxable and nontaxable sales for the reporting period, including lease and rental receipts.

Report all sales (in any manner) related to California business. You will deduct nontaxable transactions on lines 4 through 10(f).

Notes:

- Include all charges related to your sales, such as labor, service, and shipping and handling charges.
- If you sold any business assets, such as fixtures and equipment, during the reporting period, you must report the sale. If you are filing your final return and reporting the sale of the business assets, see the last bullet under "Line 2. Purchases Subject to Use Tax."
- Your "total sales" may include amounts for California sales or use taxes. If this is the case, be sure to deduct those tax amounts on line 9. If you do not, you will overpay tax.

Line 2. Purchases Subject to Use Tax

Enter your total *purchases* that are subject to use tax, as explained below.

Your purchases of merchandise, equipment, and other tangible personal property are subject to use tax and must be reported if you

- Purchased the property from an out-of-state retailer who did not collect California use tax, or
- Purchased the property with a resale certificate or other exemption certificate

AND

- Used the property in California for a purpose other than (1) resale or (2) demonstration, retention, or display while holding it for sale in the regular course of business.

You must also report your purchase of a vessel or aircraft if you (1) purchased it from an unlicensed retailer who did not charge tax on the transaction and (2) used the property for a purpose other than resale as described above.

Enter the amount you paid for the property.

Notes:

- If you paid another state's sales or use tax on your purchase, do not include the tax payment as part of your purchase price. You may be eligible for a credit for the other state's tax (see line 20).

- If you are reporting property purchased with a resale certificate, report the purchase price on the tax return for the reporting period during which you first used the property in California.
- If you are reporting property purchased from an out-of-state retailer who did not charge you for California tax, report the purchase price on the tax return for the reporting period during which you first used the property in California.
- If you are closing out your seller's permit and have sold fixtures and equipment, you should report the sales price and identify the sale as "fixtures and equipment" on line 2 of your final sales and use tax return. You must also report any inventory you intend to retain for your own use or for use as a gift, that was purchased for resale without the payment of tax or tax reimbursement, on line 2 of your final sales and use tax return and identify it as "retained inventory." Sales of inventory to another retailer or to the purchaser of your business are not taxable, but should be reported as "Sales for Resale" on line 4 of your return. A resale certificate should be obtained from the buyer and saved in your records. For more detailed information, see Publication 74, *Closing Out Your Seller's Permit*.

Line 3.

Add lines 1 and 2. Enter the result on line 3.

Lines 4 thru 10(f)**Exemptions/Deductions**

The following transactions are not subject to tax and will be subtracted from the total on line 3. First you must complete the exemptions on the back of your return.

You cannot claim a deduction for a transaction unless it has been reported on line 1 or 2 of this return or a previous return. If you did not report the original sale, you cannot claim a deduction related to that sale, unless you are a "lender" registered with the Board.

You must maintain records that support all claimed deductions.

Line 4. Sales to Other Retailers for Purposes of Resale

Enter your total sales to other sellers who submitted resale certificates to you for their purchases.

In general, you can accept resale certificates from other sellers who are buying property to resell in the regular course of business. If

you obtain a timely and valid resale certificate, taken in good faith, tax will not apply to your sale.

To be valid, resale certificates must contain specific information. For more information, see Regulation 1668, *Sales for Resale*.

You can verify the validity of seller's permits by calling the Board's Seller's Permit Verification service at 888-225-5263 or by visiting our website, www.boe.ca.gov.

Line 5. Nontaxable Sales of Food Products

Enter your *nontaxable* sales of food products sold for human consumption.

Whether food product sales are taxable depends on many conditions, including who makes the sale, where the sale occurs, who the customer is, and what is sold. For example, the following sales are generally taxable and should not be deducted:

- Sales of alcoholic and carbonated beverages
- Sales of hot prepared food products
- Sales of meals or food sold for consumption at your place of business or sold for consumption in a place where admission is charged.

For more information on food sales, request a copy of Regulation 1602, *Food Products*, or Regulation 1603, *Taxable Sales of Food Products*. Vending machine operators should order Regulation 1574, *Vending Machine Operators*.

Line 6. Nontaxable Labor

Note: Labor charges for making or fabricating a new product (such as labor charges for making a ring or furniture), or for assembling a product, are generally taxable and should not be deducted. Tax applies even if your customer provides the property that you fabricate.

(Regulation 1546, *Installing, Repairing, Reconditioning in General*)

(Regulation 1614, *Sales to the United States and Its Instrumentalities*)

Line 8. Sales in Interstate or Foreign Commerce

Enter sales that are exempt from tax as interstate or foreign commerce (sales involving shipments or deliveries from California to points outside this state).

For a sale to be exempt, the sales agreement or contract must require the property to be shipped to an out-of-state point, and you must either

- Use your company vehicle (or other conveyance operated by your business) to ship the property to that location, or
- Deliver the property to a carrier, customs broker, or forwarding agent for shipment outside this state.

(Regulation 1620, *Interstate and Foreign Commerce*)

Line 9. Sales Tax

Enter an amount on this line only if the amount you reported on line 1 includes California sales or use taxes. Enter only the tax amounts that are included on line 1.

(Regulation 1700, *Reimbursement for Sales Tax*)

Line 10(a)(1). Bad Debt Losses – On Taxable Sales

Enter bad debt losses, as described below.

If you have reported a taxable sale and have been unable to collect payment for the sale, you may take a deduction for the bad debt.

Bad debts may take the form of

- Checks that have been returned to you unpaid by the purchaser's bank and which you have determined to be uncollectible, or
- Amounts from charge or credit sales that you have determined to be uncollectible.

The bad debts must be charged off for income tax purposes, or, if you are not required to file income tax returns, the bad debts must be charged off in accordance with generally accepted accounting principles.

Enter only the amount of the sale *before* tax. For example, if you sold merchandise for \$15 plus sales tax and were unable to collect any amount for the sale, you would claim \$15 as a deduction.

If you claim a bad debt deduction and later recover payment, you must report the payment on the tax return filed for the period in which the recovery payment was made.

You must adjust the amount you report for transactions that occurred during a period when the state or county tax rates were different than the current rates. Call for assistance.

(Regulation 1642, *Bad Debts*)

Line 10(a)(2). Bad Debt Losses – Lenders

If you are registered with the Board of Equalization as a Lender, you may be entitled to deduct certain bad debt losses on the lender portion of your business. There are a number of requirements to qualify for this deduction. For detailed information, please review Regulation 1642, *Bad Debts*.

Line 10(b). Cost of Tax-Paid Purchases Resold Prior to Use

You may claim a deduction on this line if you

- Paid California sales or use tax when purchasing goods or merchandise, and
- Sold the property without first using it (other than retaining, demonstrating, or displaying it while holding it for sale in the regular course of business).

Enter only the amount of the purchase price *before* tax. For example, if the property was sold to you for \$15 plus tax, you would claim only \$15 as a deduction.

You must take this deduction in the reporting period during which you made the sale (otherwise, you must file a claim for refund of the tax).

You must adjust the amount you report for purchases that occurred during a period when the state or county tax rates were different than the current rates. Call for assistance.

(Regulation 1701, *Tax-Paid Purchases Resold*)

Line 10(c). Returned Taxable Merchandise

Enter amounts you credited or refunded to customers for returned taxable merchandise, as described below.

You can take this deduction only if

- You returned or credited to your customer the full sales price, including sales tax charges, and
- The customer, in order to obtain the refund or credit, is not required to purchase other property at a price greater than the amount charged for the property returned.

Claim only the amount of the sale *before* tax. For example, if the returned merchandise had been sold for \$15 plus sales tax, you would claim only \$15 as a deduction.

You must adjust the amount you report for transactions that occurred during a period when the state or county tax rates were different than the current rates. Call for assistance.

(Regulation 1655, *Returns, Defects and Replacements*)

Line 10(d). Cash Discounts on Taxable Sales

If you gave a cash discount to a customer on a taxable sale, enter the amount of the discount here.

You can claim a deduction on this line only if you reported the full (undiscounted) selling price on line 1. Do not use this line if you reported the discounted selling price on line 1 of this return or a previous return. In addition, you must ensure that you do not collect from your customer more tax than the amount due on the discounted price. If you collect more than the amount due on the discounted price, you cannot claim this deduction.

You must adjust your total for this line if any of the transactions occurred during a period when the state or county tax rates were different than the current rates. Call for assistance.

(Regulation 1671, *Trading Stamps and Related Promotional Plans*; Regulation 1700, *Reimbursement for Sales Tax*)

Line 10(e). Partial Tax Exemptions

Note: If you are claiming any deductions for line 10(e) that occurred prior to July 1, 2004, you must complete Schedule T.

The following transactions are exempt from the state portion of the total sales and use tax rate. They remain subject to 2.00

percent of the total sales and use tax rate, representing local, city, and county taxes. They are also subject to any applicable district taxes.

To claim a deduction for any of the following items that occurred prior to July 1, 2004, you must complete page 3 of the BOE-531-T.

Exemption Certificate Requirements — Lines 10(e)(3) Through 10(e)(6)

Retailers who wish to claim a partial exemption must timely obtain from purchasers a valid exemption certificate as described in Regulation 1667. The Board has designed a specific certificate for this purpose, entitled "Certificate of Partial Exemption." The certificate is available on our website, www.boe.ca.gov, or call our Information Center for a copy. Retailers must retain the completed certificate for a period of not less than four years.

Enter the prepayment amounts in the proper spaces. This credit is limited to the amounts of tax prepaid and should not include penalties or interest charges reported with your prepayments.

Note: If you sell fuel and pay sales tax to your fuel supplier, do not use this line to claim a credit for those tax payments. Credit can be claimed on Schedule G, *Fuel Seller's Supplement to Return*.

Returns and payments must be postmarked or received by the due date of the return to be considered timely. If the due date falls on a Saturday, Sunday, or state holiday, returns postmarked or received by the next business day will be considered timely.

Businesses required to pay sales and use taxes by electronic funds transfer (EFT) may also be subject to a 10 percent penalty for failure to pay by EFT (payment made by check, for example). However, a 10 percent maximum penalty applies to returns and return payments after January 1, 1997.

Line 25. Interest

If your payment is late (see line 24 instructions for an explanation of due dates), you must pay interest charges in addition to penalty charges.

You owe one month's interest for each month or portion of a month the payment is overdue. For example, if your payment is one month and two weeks overdue, you owe two months' interest.

Using the interest rate printed on line 25 of your return, multiply the rate times the total tax owed. Enter the result on line 25.

Reminder: If you owe two or more months' interest, as described above, you must multiply the amount due by the number of months overdue.

Line 26. Total Amount Due and Payable

Add lines 23, 24, and 25. Enter the result on line 26.

See page 1 for acceptable payment methods.
